

# HALL Technical Services, LLC

*“The GSE Problem Solvers”*

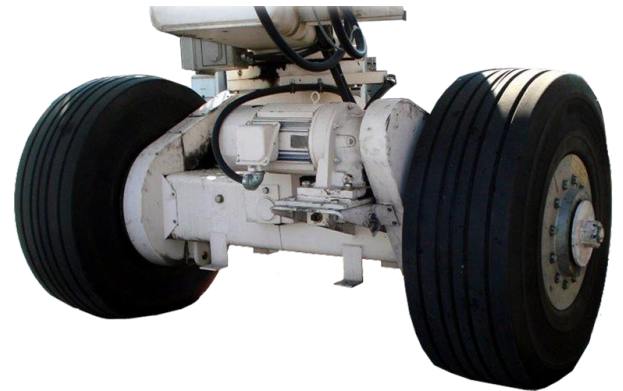

## HALL Solid Solver

### 40 x 14 x 16 PBB

#### Solid Tire for Passenger Boarding Bridges

- Eliminates the dangers and maintenance safety hazards associated with PBB pneumatic tire changes.
- No need for nitrogen servicing.
- Molded with AC tread design for improved traction and performance in snow, ice and rain.
- No more PBB flat tire changes.
- Exchange rim program for quick changes to reduce down time during changeout or mounted on your existing PBB 14” aluminum rims.
- OEM factory tested and improved for 10 year + life cycle
- Competitive pricing

#### Replacement Program for All Jetway & Thyseen Bridges
